DYNAMIC OF CHANGE FINAL EXAM new test docs 2020 questions with perfectly answered questions

-
-
- **Question 1** 5 out of 5 points
Which of the following is a core principle in integrated change?
Selected Answer: All of the above
- **Question 2** 5 out of 5 points
When Quinn gives the advice to fire yourself on Friday, he means:
Selected Answer: Make new assumptions and stand in the present with proactive intent
- **Question 3** 5 out of 5 points
Nadler categorizes people into four categories in a change effort, which of the following is not one of the categories:
Selected Answer: None of the above
- **Question 4** 5 out of 5 points
Nadler identifies four components that go into identifying the strategic space in the strategic choice process, which of the following is not one of the components.
Selected Answer: Stakeholder input
- **Question 5** 5 out of 5 points
During the consolidation stage, there are three basic issues that Nadler identifies that managers must address. These are:
Selected Answer: Assessment, refinement, and baking in
- **Question 6** 5 out of 5 points
According to Quinn, leadership is influence that is determined by:
Selected Answer: None of the above
- **Question 7** 5 out of 5 points
Nadler states that there are three layers of an organization's operating environment. These are:
Selected Answer: Artifacts, espoused values, and underlying assumptions

Learning

Name: _____ Date: _____

Student Exploration: DNA Fingerprint Analysis

100% 100% 100% 100%

Introduction: You are a DNA analyst (geneticist) who has been assigned to identify a suspect.

Before Starting:

Read what you are going to do in this simulation and make sure you understand the **GOALS**. You will be asked to do a number of things in this simulation.

Before you start, you will be asked to do a number of things. You will be asked to do a number of things. You will be asked to do a number of things.

1. Read the **GOALS** and make sure you understand what you are going to do.

GOALS: You will be asked to do a number of things.

2. What are the **GOALS** of this simulation? (What are you going to do?)

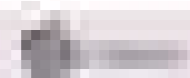

It is to identify the suspect who committed the crime.

Before Starting: You will be asked to do a number of things.

Question: What are DNA fingerprints used to identify relatives for?

1. Identify the relationships of the DNA samples. (How are they related?)

They are all related to each other.

Name: Abby Mills Date: 7/21/20

Student Exploration: Solubility and Temperature

Vocabulary: concentration, dissolve, homogeneous mixture, solubility, solubility curve, solute, solution, solvent

Prior Knowledge Questions (Do these BEFORE using the Gizmo.)

1. What happens when you stir a spoonful of sugar into hot water? It dissolves.
2. When sugar or another substance is **dissolved** in water, it disappears from view and forms a **homogeneous mixture** with the water, also called a **solution**.
If you can't see the sugar, how can you tell that it is there? You can taste the water... If not too hot.
3. Does sugar dissolve more easily in hot water or cold water?
Hot

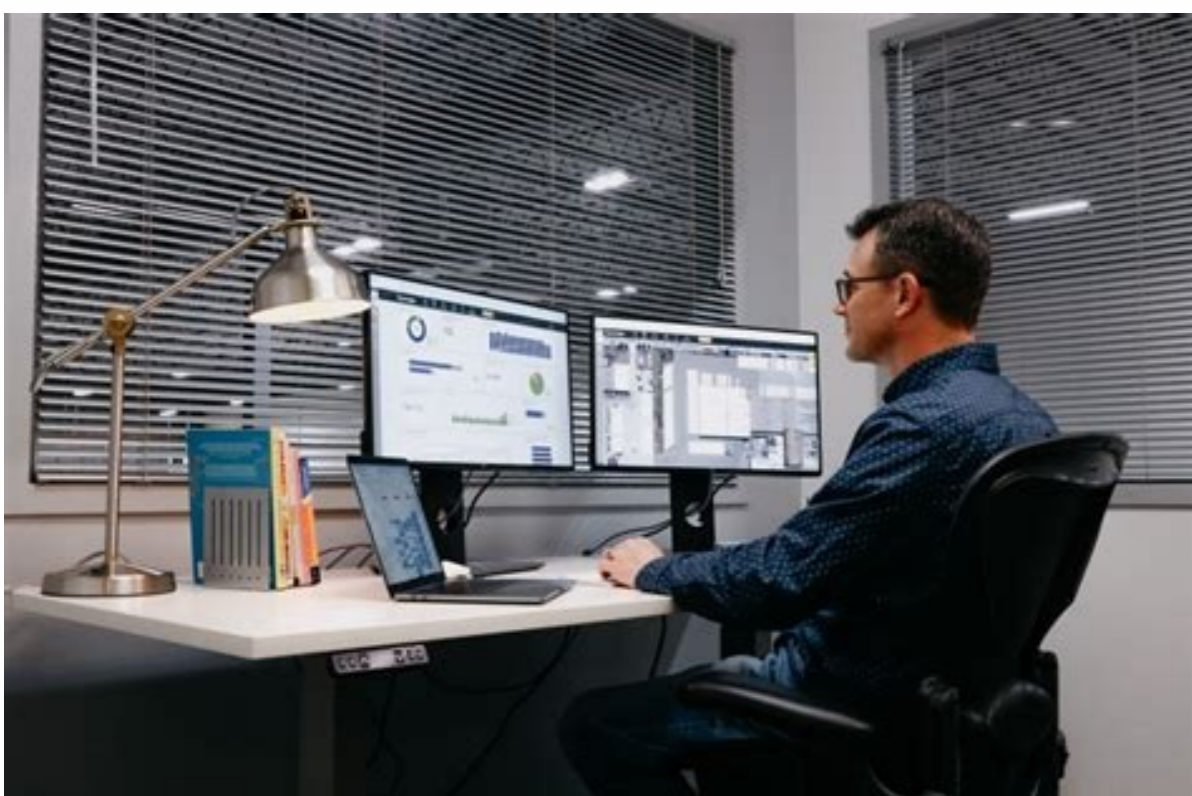

Gizmo Warm-up

A solution generally consists of two parts, a **solute** that is dissolved and a **solvent** that the solute is dissolved into. For example, sugar is a solute that is dissolved into the solvent water. In the *Solubility and Temperature Gizmo™*, you will study how temperature affects how much solute will dissolve in a solution.

To begin, check that **Potassium nitrate** is selected and the **Temp.** of the water is 20 °C. Click **OK**.

1. In this solution, what is the solute? potassium nitrate What is the solvent? water
2. Click **Add 10 g** to mix 10 g of potassium nitrate into the water.
 - A. Did all of the potassium nitrate dissolve? yes
 - B. How can you tell? There is no green left in the water.

Distance-Time Graphs

Answer Key

Vocabulary: speed, y-intercept

Prior Knowledge Questions (Do these BEFORE using the Gizmo.)

(Note: The purpose of these questions is to activate prior knowledge and get students thinking. Students are not expected to know the answers to the Prior Knowledge Questions.)

Max ran 100 feet in 10 seconds. Molly ran 60 feet in 5 seconds.

1. Who ran farther, Max or Molly? Max ran farther.
2. Who ran faster? Molly

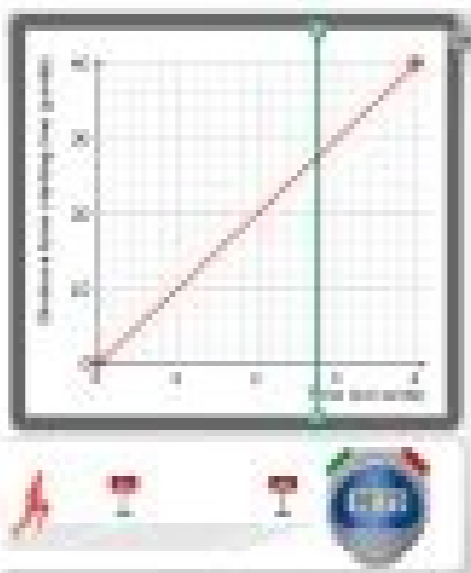

Explain: Molly ran 12 feet each second. Max ran 10 feet each second.

Gizmo Warm-up

The *Distance-Time Graphs Gizmo™* shows a graph and a runner on a track. You can control the motion of the runner by manipulating the graph (drag the red dot).

Check that **Number of points** is 3, and that under **Runner 1** both **Show graph** and **Show animation** are turned on.

The graph should look like the one shown to the right — one point at (0, 0) and the other point at (4, 40).

1. Click the green **Start** button on the stopwatch.

What happens? The runner runs from left to right for 4 seconds, stopping at the 40-yard line.

2. Click the red **Reset** button on the stopwatch. The vertical green **probe** on the graph allows you to see a snapshot of the runner at any point in time. Drag it back and forth. As you do, watch the runner and the stopwatch.

- A. What was the position of the runner at 1 second? 10 yards
- B. What are the coordinates of the point on the graph that tells you this? (1, 10)
- C. When was the runner on the 30-yard line? At 3 seconds
- D. What are the coordinates of the point on the graph that tells you this? (3, 30)

The best time to visit Key West is between March and May. Falling right between peak tourist season and hurricane season, this time of year promises temperatures in the low 70s and 80s Fahrenheit, limited rainy days, smaller crowds, and better flight and hotel prices. Winter (November through February) is the busiest season, and while the island is lively and fun, expect expensive flights and vacation rentals to be at capacity. Conversely, you'll find unbelievable deals every June through October, but at a price—if's during Atlantic hurricane season. Key West, like the rest of Florida, is no stranger to hurricanes. Hurricane season runs from June 1 through November 30 every year, with the most powerful storms typically forming in August, September, and October. Because Key West is surrounded entirely by water, an oncoming hurricane often leads to a mandatory evacuation of the island. When the weather gets colder up north, winter travelers flock south to Key West for its blue skies and warm sunshine. For that reason, November to February is peak travel season in Key West. Thanksgiving week officially kicks off tourist season in the Florida Keys. After that, restaurants and hotels are at capacity, flight prices are more expensive than usual and traffic in and out of Key West gets pretty heavy. The island isn't that big, so added crowds are definitely noticeable. If you're looking to visit at this time of year, make sure you book your flights, hotels, and rental cars early for two reasons: to make sure you get one before they're all gone, and to save money on what is already a more expensive time to visit Key West. Key West's most popular event is Fantasy Fest, a 10-day costuming and masking festival that takes place at the end of every October. For a week and a half, expect funky costumes, public nudity, X-rated parties, a "Kinky Carnival," appearances by adult film star Ron Jeremy and the main event: a nighttime costume parade down Duval Street on the last Saturday of Fantasy Fest. If you're planning to go, wear your wildest costume and join the tens of thousands of locals and visitors crowding the streets of Key West—the island has been hosting it for more than 40 years. While Key West never gets cold, January is the coldest month of the year there—with temperatures averaging between 65 and 74 degrees Fahrenheit. This is peak of "snowbird" season, that time of year when residents of colder climates escape to the warmth of South Florida, so flight and hotel room prices are higher and hotels fill up quickly. Events to check out: The annual Key West Literary Seminar brings together book lovers and contemporary authors for readings, lectures, book discussions, and more. Dubbed one of the top ten winter half marathons, the Key West Half Marathon & 5K Run follows a 13.1-mile course that takes runners through picturesque Old Town Key West and along the idyllic Florida Keys coastline. Similar to January, high and low temperatures are in the mid-70s and 60s Fahrenheit, respectively. February is the tail end of peak tourist season, so flight and hotel room prices will be at a premium. March marks the official end of tourist season in Key West. This is a great time to visit the island, as hotel and flight prices are cheaper, temperatures are mild and Key West isn't as crowded. Events to check out: Start March with the Conch Shell Blowing Contest, which has been a tradition on the island for more than 50 years. This friendly competition, which celebrates the historical importance of conch in Key West, has people of all ages attempting to play music on fluted conch shells. During April, visitors start to feel the transition from spring to summer. By the end of the month, the higher temperatures start to creep into the 80s Fahrenheit, but the cool Gulf of Mexico breezes keep nights mild. Events to check out: Don't miss the Conch Republic Independence Celebration, an eccentric, 10-day party with bar crawls, an arts and crafts fair, hat contest, drag show, dog festival, and a famous reenactment of the Conch Republic's "Great Sea Battle." The Key West Paddle Classic includes both a 12-mile Elite Race and a 4-mile open race around the island, all on paddle board. Summer has arrived in Key West. The sun beats down hard during Key West summers, so bring light clothing, plenty of sunblock and bug spray. Events to check out: The Key West Songwriters' Festival is an annual showcase of America's top performing songwriters in an intimate setting. It's the largest festival of its kind in America, and includes five days and nights of meet-and-greets, artist talks, concerts, and more. This is both the heart of summer and the official start of hurricane season in Key West. Many people think that South Florida summers are all sunshine, but don't believe the myth. When there isn't a hurricane, sunny mornings and afternoon thunderstorms are the norm. It's still hot, however, so wear light clothing and pack an umbrella. Events to check out: Start June with Key West Pride, a five-day celebration of all things LGBTQ+ with pool and beach parties, late-night drag shows, snorkeling, kayaking, glass-bottom boat tours, a street fair, and, of course, pageants to elect Mr. Key West Pride, Miss Key West Pride, and Ms. Key West Pride. Mango Fest Key West celebrates Florida's favorite fruit with a day-long festival that includes mango tastings, mango daiquiris, culinary competitions between local chefs and residents, live music, art, and food vendors. Mystery Fest Key West brings together mystery writers, aspiring authors and true crime experts and fans to America's "Southernmost City" for meet-and-greets, book signings, workshops, panel discussions, and lectures. July is the hottest month of the year in Key West. During this time of year, highs are in the 90s Fahrenheit and temperatures rarely dip below 80 degrees Fahrenheit. It's still hurricane season, however, so afternoon thunderstorms are common and there is always a threat of devastating tornadoes and hurricanes. Events to check out: Key West's annual Key Lime Festival is one of the tastiest events of summer, with pie-eating and cooking contests, culinary showcases, the Key Lime Cocktail Sip & Stroll, and The Key Lime Pie Hop. Join Key West's longest ongoing 5K, the Hemingway 5K Sunset Run/Walk & Paddleboard Race, which is part of the annual Hemingway Days Festival. Runners will compete in a scenic flat course that takes them through the island's most famous landmarks, like the Ernest Hemingway Home, the iconic Southernmost Point and Key West's famous Green Parrot Bar. August in South Florida is typically when humidity is the highest. Much like July, expect hot days and frequent thunderstorms. August is also the peak of hurricane season, so prepare for the worst and make sure all flights and hotel rooms booked during this time are refundable. Events to check out: Marking the start of lobster season, don't miss the annual Key West LobsterFest. It's a four-day festival, right on Duval Street, offering lobster cooked every way possible. As the unofficial start of fall, temperatures in Key West start to cool down (slightly) in September. This is also the peak of hurricane season, so while there might be more of a pleasant breeze, visitors should pack for both sunny and rainy climates. Luckily, this is also shoulder season—so hotel room and flight prices are cheaper. Events to check out: Kick off September with Womenfest, the largest celebration of lesbians in America, which brings together thousands of women from all over the world. During Labor Day weekend, head to Key West Brewfest, a craft beer festival with more than 200 beer and ale samples, oceanside tastings, beer-focused brunches, pool parties with specialty beers, daytime tap takeovers, and beer-pairing dinners. October is one of the most popular times to visit Key West! The first couple weeks are quiet and perfect for a romantic or family-friendly getaway—but when Fantasy Fest comes to town at the end of the month, Key West turns into a giant, 10-day party. It's the last month of hurricane season, but if one doesn't hit, days are typically sunny and temperatures go as low as the mid-70s Fahrenheit. Events to check out: Fantasy Fest, a costuming and masking festival that takes place at the end of every October, includes 10 days of parades, X-rated carnivals, adult film stars, and a general celebration of all things kinky. It's been taking place in Key West for over 40 years, and is undoubtedly the island's most popular festival. November is an important month in Key West because hurricane season is finally over. As fall and the start to winter set in, the island gets cooler. While the weather is perfect, this is the start of the winter "snowbird" season, so expect crowded hotels and higher flight prices. Events to check out: Every year, the Key West Film Festival takes over the island with four days of films, screenings and special events for filmmakers, actors and film enthusiasts alike. As the holiday season approaches, so does the Lighting of the Bight: Key West Harbor Walk of Lights. This kick-off event is the official lighting ceremony for the "Harbor Walk of Lights," which lights up the island nightly through New Year's Eve with a lit Fishing Buoy Tree, Nautical Christmas Tree, the original Key West Lobster Trap Tree, and more. As the holiday season comes to sunny South Florida, expect warm days and cooler, more breezy nights. Key West is busy with tourists at this time of year, so book your flights and hotel rooms early before they are all gone. Events to check out: Celebrate Christmas with the Key West City Home Holiday Parade, which includes marching bands, local schools, floats, a live Santa Claus and more

parading down Truman Avenue. The annual Schooner Wharf Bar Lighted Boat Parade is a holiday tradition in Key West. Enter your own boat, or grab a seat at a waterfront bar to watch all the fun—festive, lit boats, from holiday-inspired rowboats to tall ships set sail around Key West’s Historic Seaport and harbor areas. Frequently Asked Questions What is the best time to visit Key West? The best time to visit Key West is from March to May. It's just after the peak tourist season and just before hurricane season, so it's the ideal time for enjoying great weather with minimal crowds. When is the peak season in Key West? Late October to February is the most popular time to visit Key West as travelers from cold cities up north escape to the warm Florida beaches. Key West is already an expensive destination, but prices skyrocket during the busy winter months. When is the rainy season in Key West? Thunder storms become a frequent occurrence beginning in June and lasting until September. This is also hurricane season, although a major storm hitting the Keys isn't likely. If you don't mind the rain and humidity, it's the cheapest time to visit.
